

Anglicans in Development

ABM's Community Development Program

*Diocesan Representatives' Conference
Adelaide, 2018*

ANGLICAN BOARD OF MISSION
Working for Love, Hope & Justice

This is a short presentation of ABM's comdev program. The following slides will show how ABM development program funds have reached and benefited individuals and communities in our partner churches. A couple of slides show how much we are spending or planning to spend in our country programs. A third slide will show funding levels over a 3-year period.

Overview of Quantitative Results, FY 2016/17

Awareness raising and training on gender issues and women's equal rights was provided to 2,986 people and 2,584 people were exposed to awareness campaigns on issues of violence against women. (↑ from 1,540 people and 1,034 people respectively in FY 2015/16)		
708 people were helped to obtain access to sustainable energy (↑ from 234 people in FY 2015/16)	3,187 poor farmers gained access to new agricultural technologies (↑ from 3,073 people in FY 2015/16)	
3,261 people were assisted to participate in education through quality alternative pathways, including adult and youth literacy, life skills and vocational training (↑ from 2,828 people in FY 2015/16)		
41 partner staff were supported and attended training in management, leadership or strategic planning (↓ from 89 staff in FY 2015/16) 147 staff were trained in cross-cutting issues such as protection, gender and disability. (↑ from 141 people in FY 2015/16)	1,125 people were provided with increased access to basic health care (↓ from 13,548 people in FY 2015/16)	
	1,032 people were provided with climate resilience training or awareness activities (↓ from 11,982 in FY 2015/16)	
2,709 people gained increased access to basic sanitation (↓ from 3450 in FY 2015/16)	1,293 people increased their access to financial services (↓ from 1686 in FY 2015/16)	
8,545 people were provided with assistance in conflict and crisis situations following emergencies, mainly in the Philippines, Vanuatu, Palestine and South Sudan (↓ from 136,754 in FY 2015/16)	1,074 people with increased incomes (↓ from 1,151 in FY 2015/16)	
	Built or upgraded at least 24 water points, providing 9,549 people with increased access to safe water (↓ from 18,716 in FY 2015/16)	

This is a summary of AID's program reach for FY2016-2017 (results from 17-18 FY are in the process of being collated and will be ready by Nov 2018).

LM notes:

Chart reflects funds already spent on activities in these countries.

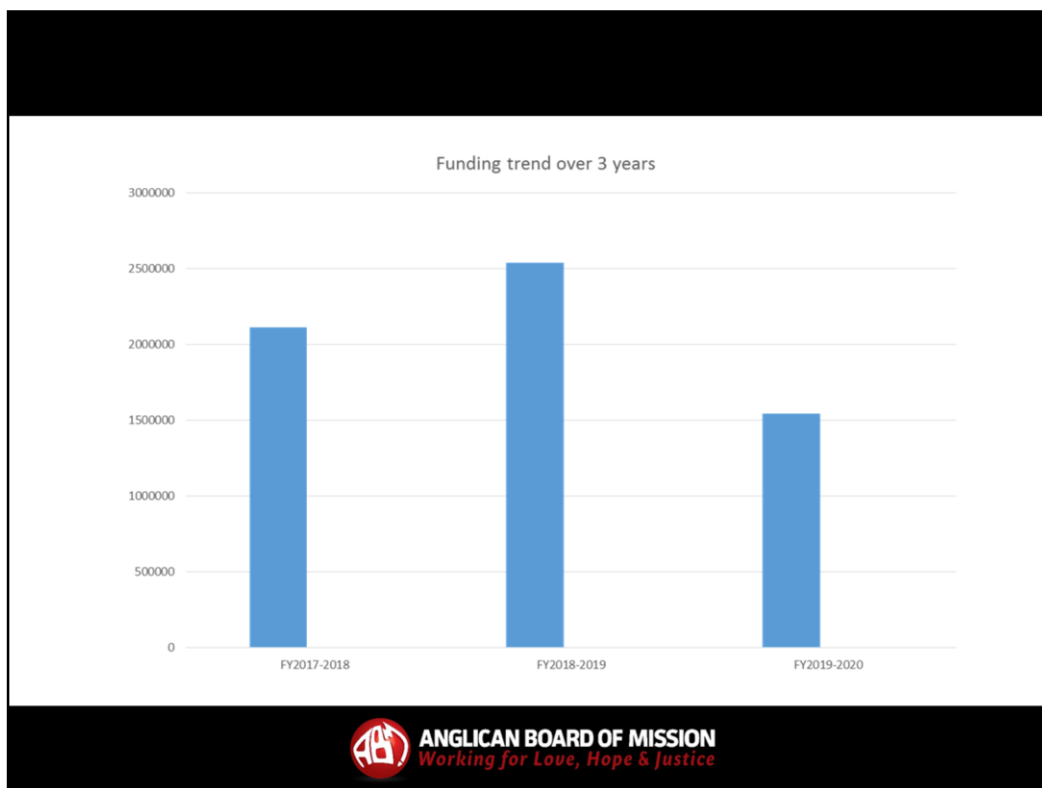

Sri Lanka and Fiji are funds spent on emergencies; PNG earthquake funds are in the process of being spent (will be reflected in FY2018-2019; so far ABM has raised 53K from the earthquake appeal

ABM has two partners in the Philippines, ECP/ECARE (hence the high %)

PNG remains our biggest program, currently funded by DFAT through the PNG CPP mechanism. In FY2017-2018, ABM's DFAT funding comprise approx. 70% of total comdev funds.

There is an increase in PNG (CPP) funding this current FY due to some agencies lowering their funding allocation (by choice) from DFAT. Overall funding to ECARE in the Philippines is 50% lower due to their own self-reliance efforts (something to celebrate!)

In 2019-2020, program funding will drop by 40% if the June 2019 (next year!) timeline for completion of the PNG CPP funding from DFAT pushes through. From approx. 1 million AUD this FY, this will revert to 0 funds (or close to 0) to PNG programs. Discussion about a transition period is currently underway among ANGOS and PNG church partners but ABM needs to look seriously for funds to continue its community development work with ACPNG and Anglicare going forward.

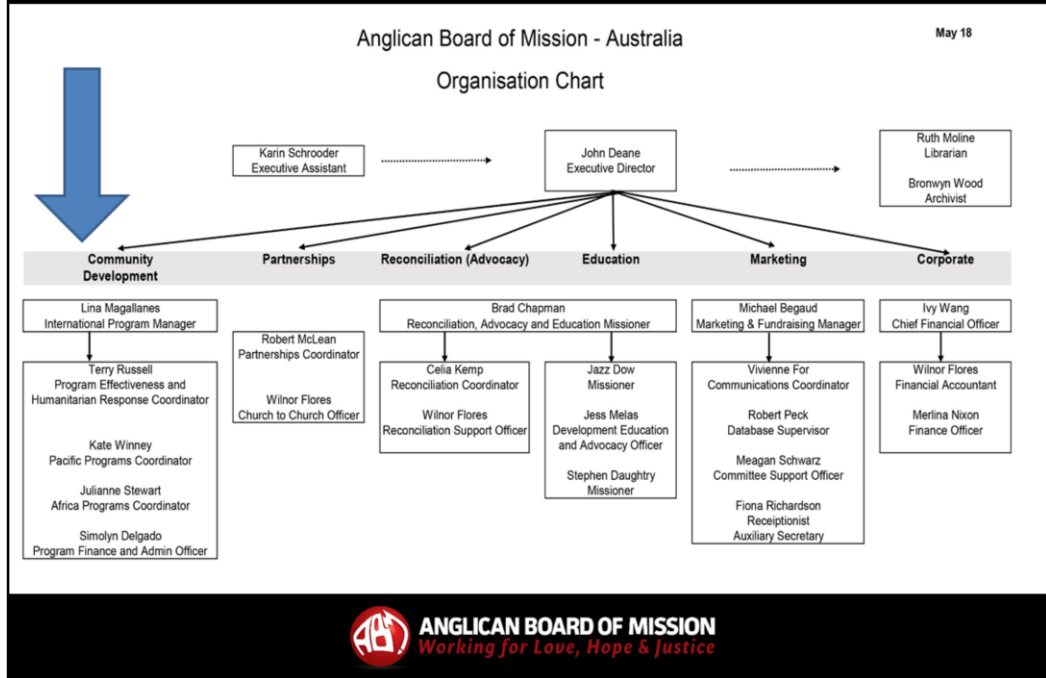

Most of you would be aware that ABM is currently undergoing a 3-year strategic planning process. AID's programs in the near to medium-term will focus on fewer key themes or sectors. These themes include gender and GBV, WASH, climate resilience and partnerships. We hope to link our program impact to the relevant SDGs to make our activities more meaningful and effective. (still in planning stage, the final thematic foci)

On September 25th 2015, 193 world leaders committed to 17 Global Goals to achieve 3 extraordinary things in the next 15 years. End extreme poverty. Fight inequality & injustice. And fix climate change.

The Global Goals for Sustainable Development have emerged from an extensive global conversation about our common aspirations for the future of our planet. ABM and our partners have been part of the consultations leading to the development of the Global Goal which affirm the projects already being undertaken by ABM's partners around the world.

We join with people all over the globe in welcoming the renewed focus on sustainable development and recommit ourselves to the difficult but critical work of ending extreme poverty, fighting inequality & injustice and fixing climate change.

AID team, July 2018

Thank you very much!
