

# FACT SHEET

## AREAS WE HAVE HELPED;

Solomons

Vanuatu

Myanmar

Gaza

Fiji

Papua New Guinea

## Where does donation money go and how does it help ABM's Partners?

*Your donation money goes towards supporting our partners by providing emergency relief aid and also preparing them for emergency situations. It is also used for training partners on methods to mitigate the effects of climate change.*

The preparedness money that is raised for emergencies is put into particular programs where we fund Disaster Preparedness – i.e. The Solomon's, Vanuatu, Papua New Guinea and Kenya. Alternatively, funds go into the Disaster Risk Reduction fund when emergency appeals exceed their limit and become available for the next crisis.

Through fundraising efforts, we are able to fund Disaster Risk Reduction programs in affected areas and draw on the existing strengths and resources within local communities.
