

Prayer Points for the Hope For Life- Teenage Pregnancy Support Project

December 2015

Thanks to our Heavenly Father that He has this project in place for:

- All those babies unborn, and yet to be conceived.
- For their teenage parents
- For the extended family

It has been 3 months since the beginning of the project and there are 7 girls at various stages of pregnancy involved. These girls live in a variety of different towns such as Moree, Wee Waa and Inverell. A part time Aboriginal staff member, Diana Mckenzie, will join Louise on the team in January. Diana will specifically reach out to the Boggabilla and Toomelah communities.

Please pray for:

- The girls to be willing to engage with Louise and Diana and that the project is a great support for them.
- An application has been submitted to Anglican Deaconess Ministries for more financial support. We are still awaiting the outcome.
- We have a staff training day being organised for January 16th 2016. Pray that the logistics of this can come together.

Continue to Praise the Lord for:

- Funding from ABM which allows Hope For Life to be promoted around NSW.
- St Johns Asquith and Narrabri Christian Fellowship who have compassionately prepared and donated beautiful baby packs for the girls. Below is a photo of one of the baby bundles been given out.

The HFL Advisory Committee consists of Claire Dunlop, Jenna Robinson, Emily Barlow and Jo Williams. Please continue to pray for wisdom for the Advisory Committee, the CEO Larry Apthorpe, and for the Anglicare Board.

Thankyou for your support, have a wonderful Christmas remembering Jesus.
